

DIYIDEA/ FORMULA

BABY CREAM WITH VEGETABLE VASELINE

BABY CREAM WITH VEGETABLE VASELINE

Ideal cream for the care of your baby's irritated skin!
It has as its main ingredient zinc powder which in combination with an oily base creates a waterproof film.

This way it does not allow moisture to irritate sensitive skin and at the same time soothes it.
We made the ultimate nappy rash cream.

INGREDIENTS

FOR 50g

| | |
|-----------------------|-----|
| Vegetable vaseline | 25g |
| Organic beeswax | 4g |
| Organic cocoa butter | 2g |
| Organic calendula oil | 5g |
| Chamomile oil | 3g |
| Zinc oxide powder | 7g |

DIYIDEA #12

WHAT YOU'LL NEED:

Ingredients

Beaker

Stainless spatula
or spoon

Scale & Thermometer

PREPARATION:

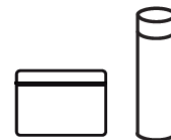

Dissolve the butters and vegetable vaseline in bain-marie, at 50°C. When they melt remove from heat and add gradually the oils and zinc oxide powder. Finally, pour it in a jar and leave it cool to room temperature.

USE:

Apply on clean baby skin with gentle movements.

PACKING PROPOSAL:

Plastic or glass jar 50g
